The Natural Council

*A Council of renewal and deepening
Council in nature, Threshold walk and Overnight solo*

First steps into the wilderness – hosted five days in the beauty and peace of Kabak near Fethiye at our venue and in the forest nearby, we are invited into the deepening of our journeys, our questions and our rite of passage in the world.

Whatever our current theme or focus, The Natural Council crosses a bridge into a deeper nature, into emergence and powerful transformative work, marking visibility in the heart, breath and spirit, and honoring a time of importance for our initiations in life.

This special time of quest will be grounded in and by nature, Way of Council, ceremony and an overnight solo quest, using nature as our mirror and guide.

Held and facilitated by experienced council guides;

Rob Dreaming and *Begum Erenler*

Assisted by forest guide *Nibat Tokdil & Engin Kaya*

Open to those with
Council and/or
circle experience

€350 for costs, guides and teachings

Includes food accomodation and camping facilities 5days, use of solo equipment

Turkey: begum.erenler@hotmail.com

Pre-requisites – Places limited to 10

Participants must have either a council training or some circle experience
Seminar will be given in English with translation if necessary by the group

Way of Council

Elements:

Time spent in circle, in witness to each of our current story and focus

Taking a medicine walk to open and cross a first threshold

Returning to and working our deeper intentions in group support process

Preparation for fasting and a 24-hour solo time alone in the land

Being received and heard in community, by heart and through the mirrors

The solo ...slowing down, taking the time each of us finds necessary to use in the way we feel would serve our current story. This work offers a deepening in council ways, nature and ceremony, bringing forth the fruit and flower of this gift we are given of life to live, gently... sharing in the reviving nature of a very special place.
